

INEPS NEWSLETTER

INTERNATIONAL NETWORK OF PRODUCTIVE SCHOOLS

JULY 2002

Volume 1 Number 2

WELCOME TO THE SECOND EDITION:

Many of you responded to our request and said that you received our first edition of the New Revised INEPS Newsletter. However some said that although they got the Newsletter they were unable to download it. We would like to make the following suggestion. Those of you who can download it should make copies and try to distribute the Newsletter to those who weren't able to download it or don't have E mail capabilities. In fact it might be a good idea to make copies to distribute to other educational colleagues in your schools and throughout your educational communities to show them how active we are.

News from Protasi

The group of young volunteers of "PROTASI", SEYACH, fulfilled its project concerning the creation of video and radio spots with messages for the young people of our country. This project was supported by the Greek National Youth Agency in the framework of the E.U. project "YOUTH". You can get an idea of our work through some postcards with messages in the web site of "PROTASI": www.forthnet.gr/protasi (Programme "YOUTH" - Group SEYACH). We wait for your comments.
