INTERNATIONAL NETWORK OF PRODUCTIVE SCHOOLS

OCTOBER 2002

Volume 1 Number 5

All the month of September we sat by our computer waiting to hear from members of the INEPS family. But we heard nothing. We were aware that the school year has begun as everybody is busy . . . . And so we sat and we waited.

And so on October 1st the editor is setting off for about a month in Europe. He will start off in Vilafranca for the Telecities Conference; then visit Paris to see the INEPS members there and work with the French American Bridges Project; then on to Berlin to visit IPLE and finally down to Milan for the IPLE Workshop. Naturally we will have much to report in the November NEWSLETTER.

Finally we got a great idea. If INEPS won't come to the NEWSLETTER then the NEWSLETTER must come to INEPS. Thanks to the fact that two conferences are being held in Europe and the generosity of the organizers this editor will be able to spend some time visiting several sites.

## E MAILBAG

Hello Bret - thanks for informing me. My idea was to announce the Youth Congress already in the October issue because of the early dead line for financial support. I realised too it too late and wanted to spread information in the Newsletter. I will use the **INEPS cru adress** instead... Sorry for not being awoken over here. Anyway the Youth Congress will be a great event - a co-operation between students and staff at Fogelströmska and Kvarngymnasiet ( quite new members of INEPS).

Warm greetings from Gun
