

## Visitors from Finland at Theodor-Plievier-School/Productive Learning 21.05.2008

Text written by:  
David, 9th grade

**Involved students:** Taika, Taisto, Jetro, and Piia from Helsinki and Vivien, Amir, Désirée, David and Jenbad from Berlin  
**Involved teachers:** Hely (Helsinki) and Verena (Berlin)

**I Visitors from Finland**  
On Tuesday 21th of May we had visitors from Finland. Their names were Taisto, Jetro, Taika and Piia. First we had breakfast. Then we introduced ourselves.

### II Interviews

After breakfast we choose partners for our interviews. It was great to talk english to the Finnish students. After the interview we went by underground to the Berlin Zoologischen Garten.

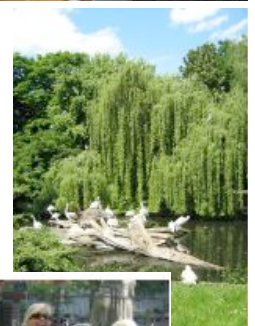

### III At the entrance of the zoo

We met at the "Elefantentor". There we made pictures in front of the statues of the elephants.

### IV Animals at the zoo

At the first picture you see a panda bear. He is eating a bamboo. On the next picture you see a big gorilla. He is sleeping on the ground. He has covered his body with a blanket. On the third picture you find a group of pelicans.

### IV At the exit of the zoo

We met us again at the exit, after we had visited the zoo. There we talked about what we had seen. Nobody saw Knut, because he was inside. We changed our e-mail addresses.

### V. Learning placement

Vivi told us that her learning placement (Pl) was near the zoo. So we went to her Pl, looked at the shop and talked to her mentor.

### VI Say good-bye

At the end of the day we made pictures from our group in front of Vivi's Pl, Mini City.

### VII My/Our opinion to the visitors from Finland

The Finnish students were very nice. The time at the zoo was very good. It was nice to speak in English. When are they coming???
