Patras 25/1/2018

TO THE MEMBERS OF INEPS

TOPIC: 11th Youth Congress in Greece

Dear INEPSERS,

We are in the pleasant position to announce you that we intend to realize the next youth INEPS Congress in Greece this year , 2018 . Last year in Burgas we promised that we would seriously consider the possibility to host the 11th Youth INEPS Congress in Greece in 2019.

Due to some positive events that helped us to be able to support our work and also due to the fact that 2018 is the 30th anniversary of PROTASI, we decided to accelerate our attempts and to offer INEPS members the possibility to participate with their students to the Youth Congress this year. Although it will need quicker procedures we hope that we will be able to respond with your help of course. We will apply to ERASMUS+ and we hope that we will be successful.

Some data we can offer you at the moment are the following:

- 1) The dates will be from Saturday 1/9/2018 until 7/9/2018 meaning 6 night staying.
- 2) The first plans include Athens, Patras, Kleitoria as the hosting cities.
- 3) The topic of the youth meeting will be something like “quality of life in Europe connected to education, labor and culture”
- 4) The total of participants will be up to 60 people (kids between 13 and 17 years old , educators, youth workers including also the Greek delegation) meaning that we can accept 1-2 adults accompanying 4-5 kids from 7 countries maximum.
- 5) There will be a financial contribution from those who will participate for the expenses but we cannot tell you yet the exact amount (we will try to make it as little as possible).

For those of you who are interested, we would like to have your answers (priority will be given to those who answer first) until the **9th of FEBRUARY 2018**. As soon as we receive your answers we will send you the mandate letter to be signed and send back to us.

You can contact us to our mail protasi@pat.forthnet.gr .

You have our best regards,

Angela Passa
Director of the Youth Centre of PROTASI
Vice President of the AC of INEPS
